

Bloodmobile Here December 30th

The American Red Cross Bloodmobile will visit Grayling on Friday, December 30th from 12 noon until 6 p. m. It will, as before, be at the Grayling American Legion Hall on E. 7th Street south of Grayling.

The need for donors is always a pressing one and the people of the community have responded to these calls in the past. For the most part, Grayling and Crawford County can be proud of the support of the Blood Program.

"However, giving to the program or saying I will next time or someone else do it, just won't do," says Derek McEvers, chairman of the program.

"We must continue to give to the program to insure the continued success of it and also the success of the Lansing Region Blood Program," McEvers added.

Call Derek McEvers at 348-4471 to make an appointment. Walk-ins are always welcome.

"All Systems Go For SWCD"

By Willard Bosserman  
Co. Ext. Natural Resource Agent  
Everything has been put in readiness to organize a Soil and Water Conservation District for Roscommon and Crawford Counties. The Steering Committee met last week to organize for action. Houghton King, Houghton Lake was named chairman of the committee and Bud Hunter, Grayling was elected Vice Chairman.

Russell Hill, Extension Specialist in Soil and Water Conservation, Michigan State University was present to explain the necessary steps in organizing a district and explained further the benefits of a district.

He explained that land owners could get a complete soil map of their property. This is important to farmers and to persons getting ready to plat ground. It will enable them to determine minimum lot sizes that the particular soil will support. The district can give assistance to those who want to build recreation ponds or improve wild life habitat.

Although only property owners or occupiers of 3 acres or more are eligible to vote or sign petitions, owners of less than 3 acres can receive services of the district.

The members of the Steering Committee are now circulating petitions to petition the State Soil Conservation Committee to organize a district. After the petitions are in, a public hearing will be called. If at the public hearing enough interest is shown, a referendum will be called of land owners to vote whether or not a district shall be organized.

The district will be directed by five locally elected directors. They will serve without pay, but have some expenses paid. Members of the district can call upon the SWCD for technical services.

This will give the area an additional tool for community and resource development.

St. Francis' Plans Carol And Scripture Service

An ancient tradition of the Christmas season will be kept at St. Francis' Episcopal Church on Sunday evening, December 18th, when they will hold their first Annual Carol and Scripture Service beginning at 7 p. m. Everyone is invited to come out to sing the many beautiful Christmas Hymns and Carols, and to listen to the inspiring and lovely story of the birth of our Lord as told by Holy Scripture. Beginning in the Old Testament, the nine lessons trace the prophecies foretelling the birth of our Lord, and then moving into the New Testament, the Advent of Jesus Christ is turned into reality as we hear from the Gospels themselves the account of His birth into our world. Between each lesson, an appropriate Christmas Carol is sung by the entire congregation, to a total of 16 Advent and Christmas Hymns. Eight of the nine lessons are read by laypeople, beginning first with two children, Michael Kelly and Jackie Hull, then two young people, Miss Lynn Elsey and Chris Kroll, followed by four adults, Mr. A. Stewart, Mrs. L. Morency, Mr. George McKewin and Mrs. E. Beery, with the final lesson read by the Vicar.

Following the nine lessons, a candle-lighting ceremony is held, during which all the lights in the church are put out, leaving the church in darkness with the one exception of the 'Christ Candle' on the altar. From this single candle, one by one, candles are lighted until everyone in the church is holding a burning candle, thus signifying the spreading of the Holy Gospel of Jesus Christ, throughout all the world. The entire service is very beautiful, and anyone interested in singing the lovely Christmas music, and rehearsing the story of the coming of the Saviour into our world is invited to attend. This Sunday, December 18th, at 7 p. m. at St. Francis' Church, Grayling.

Playing without the service of Pat Thompson, Grayling made a game of it for the first half as they trailed only 14 to 11 at the end of the first period and came back to a 30 to 25 deficit at intermission. Thompson suffered a hairline fracture of the knee in the Gaylord game and will be lost to the Vikings until after the holiday recess.

LeRoy Neal with 12 points was the only Viking to hit double figures. Jim Weaver added 8, Steve DuBois 7 and Dane Madsen, Dale Slusser and Dave Nethers added 5 each. Dave Bailey and Steve LaGrow hit for 5 points each. Thomas Webb with 20 and Bernie Ward with 17 were top scorers for Charlevoix.

They followed up at the foul line with 20 out of 35 tries for 57%. Grayling was called for 24 personal fouls while the Rayders were whistled for 20. The Vikings lost the services of Dave Nethers via the five personal foul route.

The little Vikings fared better than the varsity Friday night as they dumped the little Rayders 57 to 46. Grayling took an 11 to 6 first quarter lead and built it to a 33 to 16 intermission bulge. Each team hit for 12 points in the third canto with Charlevoix edging the Viking reserves in the final period 18 to 12.

Tony Ellison, Warren Hayes and Mike Smock paced the Viking attack with 14 points each. Allen Lowe added 8, Gerry St. Germain and Dale Papendick 2 each and Mark Smith a foul shot. Don Ward with 13 and Chuck Pease with 10 were high for the little Rayders.

## A New Kind Of Farming . . .

A press release tells of a machine that places a thin layer of asphalt underground to prevent water from being lost in sandy soil before it can nourish crops. It was developed by soil scientists from Michigan State University and the American Oil Company and consists of a wedge-shaped sweep on the end of a boom attached to the rear of a crawler tractor. As the 34-inch sweep is hauled along two feet below the surface, nozzles attached to the bottom of the sweep spray an emulsion of asphalt into the cavity made by its passage. The asphalt hardens instantly into a layer about one eighth of an inch thick, and the soil falls back onto the layer with a minimum disturbance of earth.

Use of this underground barrier will permit cultivation of millions of acres of land not now suitable to agriculture because it is too porous to hold the water it receives. Controlled experiments have resulted in significant increases in crop yields. An official of the Michigan State University's department of soil science says that under present economic conditions high profit truck crops such as tomatoes, cucumbers, cabbage, beans, potatoes, strawberries and similar produce could benefit best from the use of the asphalt barrier. The barrier costs about \$225 an acre to lay, and present indications are that it will last for at least 15 years, although some of the scientists working on the project see no reason why it cannot last indefinitely.

Once again, industry and science have joined hands to help lick the toughest problem facing mankind—an adequate food supply.

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE  
FILES OF THE AVALANCHE OF 23 YEARS AGO

December 16, 1943

Last Friday in the opening game of the 1943-44 basketball season for Grayling, the local quintet defeated the Roscommon Bucks 33-22 for their first loss in six starts. The game was a typical Grayling-Roscommon battle, hard fought and fast from start to finish. Grayling held the upper hand throughout the contest although as late as the third quarter the "outcome" was doubtful Grayling holding a slight two point margin. In a thrilling hard fought preliminary game Roscommon's second squad walked off with a 16-14 decision over the local "B" squad. This was a close game all the way through with Roscommon counting on a bucket in the last seconds to eke out a well-deserved victory.

Crawford county has contributed another group of young men for service in the armed forces. Inducted December 7th, James Clarence Bigham, army, Fort Sheridan, Ill. to report Dec. 28; Norval Eugene Hartman, Eldorado, navy, Great Lakes, Ill.; Burrell Bruce Vollmer, navy, Great Lakes; Charles Robert Tiffin, army, aviation cadet training, awaiting call.

Lt. Farnham Matson sprung a surprise on many of his friends at the Kiwanis Club Wednesday when he announced to the members that he had joined the forces of Benedict. Friday, December 10th he was united in marriage to Miss Linda Bross of Ann Arbor at Zion Lutheran Church in that city. Mr. and Mrs. Armand Matson stood up with them. Farnham is a son of Mrs. Elnor Matson of Grayling, where he was reared and graduated from school. For many years he has been head clerk in the local postoffice. For the past year and a half he has been serving with the mail department of Uncle Sam's army. Most of this time he has been stationed in North Africa. Malaria overtook him and after being in an army hospital in Africa for a while he was sent to Georgia to recuperate. Since his marriage he has received orders to report to Miami, Florida.

A Michigan man, Lewis A. Rutkowski, 21, of Grayling, was one of three men of the 480th Anti-Submarine group of the Army Air forces awarded the Silver Star by Lt. Gen. Carl Spaatz, commanding general of the U. S. Army Northwest African forces, for bravery in attempting to save the life of their navigator, after their plane was shot down at sea. The citation stated that "it was known to them that at any moment the depth charges in their sinking plane might explode."
